TSWG®

Established July 13-15, 2007
The SeatWeavers' Guild®, Inc

TSWG is the first chair caning/seat-weaving guild in North America.

We are an international organization run entirely on a volunteer member basis.

The Guild was formed to perpetuate the craft of chair seat weaving through example, education and promotion.

We are a community of like-minded chair caning and seat weaving individuals. We are made up of professionals, hobbyists and beginners.

We are all eager to share our knowledge and enthusiasm, to learn from each other, encourage each other and mentor new weavers into the craft.

Connect

Share

TSWG Mission

To establish an understanding of excellence in each form of weaving we seek to preserve

To learn, teach and preserve the many forms of chair seat weaving practiced throughout history

To communicate to the public that antique chairs are restorable and no less valuable for having been restored

To share tips and techniques with each other for the betterment of all

To educate and advise each other on all aspects of establishing and maintaining a chair seat weaving enterprise

To encourage the development of new designs and patterns of modern furniture

To encourage the growth of the craft

Learn, Teach & Grow

Are you a seat weaver or supplier to the craft?

Would you like to connect with other seat weavers across the country?

Would you like to expand your knowledge of seat weaving and learn new techniques, tools and tips?

Would you like to share the business aspects and experiences of the craft and help your business grow?

Then, please join the first official chair caning/seat weaving guild in North America, that we know of.
